RE: Potential Offers of Surplus Output

Greetings,

From time to time, Clark Public Utilities, Lewis County PUD, Cowlitz PUD, Pacific PUD No. 2, Idaho Falls Power, Benton PUD, Emerald PUD, Grays Harbor PUD, and Franklin PUD may have surplus electric energy to sell. Available quantities and prices of surplus energy will vary. The utilities will make such surplus electric energy sales under terms consistent with the Bonneville Power Administration's Policy on Determining Net Requirements of Pacific Northwest Utility Customers under Sections 5(b)(1) and 9(c) of the Northwest Power Act.

Information regarding available surplus electric energy will be made available from time to time at <https://www3.teainc.org/dailyoffers/>. In addition, qualified regional buyers that provide an appropriate contact name, email address, and phone number may also receive direct emails regarding such offers. If anyone in your company is interested in receiving such notifications by email, please have that person or persons send an email request to tphan@teainc.org. For notifications specifically from Idaho Falls Power, please contact Chase Morgan at cdmorgan@ifpower.org.

Bids in response to a specific offer will be accepted through 3:00 P.M. on the day that such offer expires and must be submitted in writing via email tphan@teainc.org or by facsimile ((425)372-0240). For Idaho Falls Power specifically, please email cdmorgan@ifpower.org. If no qualified regional entity accepts an offer made in this manner, as provided in the policy, the surplus electric energy may then be made available for sale to out-of-region entities.

Telephone inquiries related to specific offers may be directed to TEA West marketing desk. Should you have any questions regarding the offer or acceptance procedures, please contact Tu Phan, at (425)460-1105. For Idaho Falls Power, please contact Chase Morgan at (208)612-8150.

Thank you for your time and attention to this matter.
