New Water Rates

Your December water bills will reflect the new rates as passed by the Board of Commissioners per Resolution No. 1414 on October 16, 2018.

New Residential Rates are as follows:

<u>3/4" Connection:</u>	\$44.00/month/meter \$3.00 per 1,000 gallons above 5,000
<u>1" Connection:</u>	\$52.00/month/meter \$3.00 per 1,000 gallons above 5,000

These rates will provide funding for needed repairs and ongoing maintenance required to reduce water losses, maintain both water quality and the reliability of the system.

Lebam customers will see the following additional surcharges on their bills:

"Lebam Add'l Basic Chg" \$8.00/month

This stands for Lebam Additional Basic Charge. This charge is added to provide revenue required to cover the cost of operating and maintaining the system.

"Lebam LTD Surcharge" \$16.00/month

LTD stands for Long Term Debt. This charge covers loans incurred by the Lebam Water System when the District first took over. These loans have not been paid back. This monthly surcharge is expected to pay off this debt over the next 15 years.
